

Deaf-Blind Training, Interpreting & Professional Development (DB-TIP)

Dear Colleagues,

It is my pleasure to write you through recommendation of our mutual colleague, Oya Ataman, to introduce Deaf-Blind Training, Interpreting, and Professional Development (DB-TIP).

DB-TIP is a small business that was started by me, Susanne Morgan Morrow, nationally certified interpreter & Deaf-Blind Specialist. The mission of DB-TIP is a simple, yet critically important one: to bring content on deaf-blindness and interpreting to interpreters and practitioners in an easy and practical manner. It is the intention of DB-TIP to enhance the knowledge base of working professionals that will enhance their encounters with Deaf-Blind people. To this end DB-TIP offers a wide range of professional development and consultation services related to deaf-blindness, sign language interpreting, ASL/Deaf Culture, etc. They are conducted through webinars, private, hourly consultations and on-site trainings.

The online webinars may be of special interest to you because they are convenient and easy to set up and watch anywhere in the comfort of your home or office at any time without worrying about time zones. We currently offer 15 webinars in deaf-blind interpreting, 1 on Orientation & Mobility (Human Guide Technique), 6 in interpreting certification (USA), 2 on ASL Classifiers, 1 on ASL Storytelling and 1 on the Americans with Disabilities Act & Interpreting, all available to view any time. We are adding new webinars all the time! Upcoming sessions for 2012 are: Common Eye Diseases in the Deaf Community, ASL Classifiers 3, Mental Health & Interpreting, ADA Titles I thru III – plus MORE! CEUs can be earned and certificates of completion are sent electronically.

The online sessions are presented in either spoken English or in American Sign Language with many also accessible in both languages with simultaneous interpretation. There is no special equipment necessary and no program download requirements in order to access the recordings or live sessions. You simply need high speed internet and an updated internet browser.

Please visit www.deafblindtip.com for more information on our services. To get descriptions and to register for the webinars you are interested in, click on “Webinar Series” to the left on the home page or peruse the home page for current & recorded offerings. Registration and payment is conducted online through PayPal, an easy and secure delivery of money exchange.

As a special offer, when inquiring about a webinar indicate Discount Code: Europe and we will be happy to extend a 15% discount to your purchase!
